

### Class Concept

Positions in this class are responsible for strategic planning and implementation of a full range of activities and services that ensure the health, safety, and welfare of clients of diverse backgrounds having one or more disabilities in a residential school (or training facility) setting. Based on the setting, the client population is predominantly children and youths but a limited number of residential training programs may serve adults as short-term students. Programming includes residential life, after school education/transition programs, recreation, transportation, and other areas as may be assigned. Position is responsible for budgeting (operational and capital improvement), personnel administration (staffing plans, interviewing/hiring, performance management, staff development and disciplinary actions), facility management (maintenance, upkeep, renovations), student orientation and discipline, developing crisis management, and communication with parents and guardians. Position works collaboratively with the academic program to develop and implement new programs that complement the residential and academic experience and keep students engaged.
